Applicability:

This policy applies to all Village employees involved in snow and ice control operations.

Overview:

budgetary reasons. This plan outlines the Village's conservation efforts and sets the level of service provided for snow and ice control operations.

Objective:

The Village's main objective is to conserve the use of rock salt during snow and ice control operations, while still providing a safe driving environment for residents and pass-through traffic. This will require a level of service change from previous winter seasons.
