Recycle, computers, electronics

As a way of reminding us about the positive community impact that donating to local Goodwill creates, Goodwill Industries International launched the donate icon in 2010. Just like the recycling symbol, which reminds us to properly recycle bottles, cans and more, the donate icon reminds us to consciously and responsibly donate our clothing, household goods, **electronics** and other items.

Your donations are good for the planet as well. Dell Reconnect, a partnership between Goodwill and Dell, has kept more than 500 million pounds of computer electronics out of the landfills since 2004.
