Reminder from Chief Barton

We continue to see unlocked vehicles being entered in the overnight hours, generally in the subdivisions. We believe the same persons are responsible for the same thing in the Canal Winchester and Groveport areas. We cannot stress enough the importance of locking your vehicles

and removing valuables, including loose change. Additionally, we continue to see a number of garage doors left open in the overnight hours. The Police continue to patrol neighborhoods at night looking for suspicious persons and vehicles. Please call

740-652-7911 if you see something suspicious, **while it is happening.** You may remain anonymous. An officer will respond to check it out. Your eyes and ears are important.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

While your main goal of distributing a newsletter might be to sell your product or services, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to your newsletter is to develop and write your own articles, or to include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find "filler" articles by accessing the World Wide Web. You can write about a variety of topics, but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. So, when you're finished writing your newsletter, convert it to a Web site and post it.
