****Application must be completed and submitted with copies of a survey of the property outlining existing property lines, buildings and distances from the proposed work to be done. New construction will require a site grading plan and drainage plan.**

Once the application has been approved by zoning, you will be contacted. Should your project require a building permit, you will need to submit plans for approval and obtain appropriate permits from the Village.

Note, the Village of Lithopolis has up to 30 days from the receipt of a completed application to process your zoning request.
